

Tudor Roof Tile Co. Limited

Located on the Romney Marsh in Kent

Using traditional production skills, our clay roof tiles offer a link with the past.

Dark Antique

Our range of handmade Plain (nibbed) tiles exhibit a larger degree of double camber and capture the character and much sought after aesthetic qualities of older reclaimed tiles.

Our range of handmade Peg (no nib) tiles are flatter, but with a slight camber to match in with existing Peg tiles found on many listed and conservation area properties.

Our Dark Antique colour is achieved using a coarser grain of Kent sourced sand compared to the Sussex colours of our tiles, which when fired, produces a pleasing Warm-Black tone, in keeping with handmade tiles of old.

Technical Specifications

DIMENSIONS (variable to avoid straight lines on roof)	(metric (mm))	(Imperial (inches))	DIMENSIONS (variable to avoid straight lines on roof)	(metric (mm))	(Imperial (inches))
Plain Tiles (nibbed)	265 x 165	10.5 x 6.5	Transverse Strength	780 newtons
